2 - Hall
3 - Delay

MIX: 设置音效和原声混合的信号

类型: 1-录音室
2-演唱会
3-回音壁

Interchangeable capsule

可更换拾音器

Push button to eject interchangeable capsule.

按下按钮以取出可更换拾音器

Please note

请注意

To maintain the best sound, avoid exposing the microphone to moisture, dust, or extreme temperatures. When unplugging the cables, do not pull the cables, grasp the connectors. Do not attempt to repair the microphone yourself as this would void your warranty.

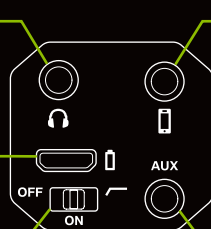

为保持最好的音质, 请避免将话筒暴露于潮湿、灰尘和极端温度下。拔出连接线时, 不要拉扯接头。请勿试图自行维修话筒, 否则保修权益将失效。

Headphone out
